

Workshop

“Geoparks in volcanic areas: sustainable development strategies”

October, 29th to November, 1st 2014

AZORES GLOBAL GEOPARK

The Workshop *“Geoparks in volcanic areas: sustainable development strategies”* aims to be a forum of discussion amongst European and Global geoparks in volcanic areas whose most common feature – the presence of volcanoes in its territories – give them peculiar characteristics and common desideratum in fields like science and research, tourism, education for natural disasters and use of endogenous resources, like the geothermal energy.

The special focus of this forum is to promote a wide discussion on sustainable strategies of local socioeconomic development and to share good practices in areas such as Economy (especially in Geotourism) and Geoconservation, as a way to raise awareness of local companies and other stakeholders on the promotion of initiatives and activities on those domains.

Dates and Place

The workshop takes place from October 29th to November 1st 2014, at Terceira and Graciosa islands, in the Azores Global Geopark, Portugal.

The public sessions will be held at the “Os Montanheiros” Association office and the Volcanospeleological Museum “Machado Fagundes”, in Angra do Heroísmo city (the Terceira Island Delegation of the Azores Geopark)

The workshop includes field trips in Graciosa and Terceira islands and optional field trips to Santa Maria and São Miguel islands, in October 27th and 28th respectively.

General Program - Preliminary

Geoparks in volcanic areas: sustainable development strategies Geoparques em regiões vulcânicas: estratégias de desenvolvimento sustentável

Main Goals

1. Promote the exchange of information, experiences and good practices between local stakeholders, professional and managers of volcanic geoparks of the European and Global networks, under the auspices of UNESCO;
2. Show the importance of scientific knowledge and the interpretation of the volcanic landscape as a tool for its promotion, valuing and protection at a local scale;
3. Share experiences on management, education and geotourism in volcanic geoparks;
4. Organize and promote sustainable development initiatives in volcanic geoparks based on geotourism and innovative geoproducts;
5. Promote new networking initiatives amongst volcanic geoparks, especially with the Azores Global Geopark.

Themes (*)

- a) Management of volcanic geoparks, including management plans and geoconservation, engagement of local stakeholders namely local enterprises and presentation of examples and good practices;
- b) Promotion of natural heritage, through landscape interpretation and educational initiatives;
- c) Geotourism, including the promotion of thematic circuits, the development of geoproducts and networking with local enterprises and institutions.

(*) The Workshop is integrated on the PhD project on Environmental Geology of Eva Almeida Lima (Azores University) – “Definition of a Methodology for the Management of Geological Heritage. Application to the Azores Archipelago” (ref^a M3.1.2/F/033/2011) – financed by the “Fundo Regional para a Ciência” scholarships program, of the Azores Government, and the EU FSE/PROEMPREGO Program.

Registration

Those who want to participate should send the append REGISTRATION FORM, with proof of payment.

Registration fee includes participation on the public sessions, documentation, *coffee breaks*, bus for the field trips (in Terceira, Graciosa, Santa Maria and São Miguel islands), and dinner and *cocktails* from 29th to 31st October.

Travel

With SATA and SATA International companies as Main Sponsorship, the organizing committee of the workshop offers to the participants the following promotional packs for the travelling:

- **Pack 1: Round trip Frankfurt – Ponta Delgada – Frankfurt: cost of 253€/person**

The Pack 1 includes all costs with the Frankfurt-Ponta Delgada flight and back, with departure from Frankfurt (Germany) on October 26th, and return on November, 2nd (see also the General Program).

This Pack 1 includes also all the aerial flights between the Azores Islands (to the islands of Santa Maria, Terceira and Graciosa, and back), if booked in a single ticket.

- **Pack 2: Round trip Lisbon – Ponta Delgada (Azores) – Lisbon: cost of 175€/person**

The Pack 2 includes all costs with the Lisbon – Ponta Delgada (Azores) – Lisbon flight and back, with departure from Lisbon on October 26th or October, 28th and return on November, 1st or November, 2nd (see also the General Program).

This Pack 2 includes also all the aerial flights between the Azores Islands (to the islands of Santa Maria, Terceira and Graciosa, and back), if booked in a single ticket.

- **Pack 3: Inter-islands flights (only for Residents): discount of 25% in all fares**

The Pack 3 offers a discount of 25% in the cost of the aerial tickets in all inter-islands flights, but only for Azorean residents, for participation on the public sessions and field trips on the islands of Santa Maria, São Miguel, Terceira and Graciosa. For that, the participants should make proof of being registered in the workshop.

All prices indicated on the promotional packs include all taxes applicable.

Confirmation of reserves are conditioned to the available places. Therefore and once a limited number of places is available on planes, we strongly recommend the participants to book and pay their Promotional Packs as soon as possible.

For reserve and payment of the Promotional Packs, participants should contact directly the SATA International company, in any SATA store (www.sata.pt), by telephone to the Call Center (+351 296 209720) or by e-mail to clientes@sata.pt.

To be able to benefit from a SATA International Promotional Pack, it is mandatory the previous registration on the workshop. For that, participants should fill the append Registration Form, and submit it to the workshop organization, together with a proof of payment of the registration fee.

Changes to the above mentioned travelling dates (see also the General Program) is limited to places availability and may imply the payment of additional amounts. For further information, please contact SATA International company.

The participants should book their own lodging. For that, participants should contact directly the hotel/lodging of his/her preference and make their own reservation, taking in consideration the workshop program, the field trips and his/her travelling plan.

All prices indicated are bed-and-breakfast and includes all taxes. At reservation of lodging the participants should refer “Participant of the Workshop on Volcanic Geoparks (WVG)”.

Additional Information

Transfer services between airport-hotel-airport in the São Miguel Island are not included on the registration fee or on the Promotional Packs.

There is such a transfer service provided by “Aerobus”, at the Ponta Delgada airport, at low costs (pls. check on <http://utcazores.com/156>).

Booking and payment of the travel and lodging is of full responsibility of the participants. The workshop organization is available to provide all information and help needed.
